# About Selangor

Selangor is one of the 13 states of Malaysia. It is located at the west coast of Peninsular Malaysia and is bordered by Perak to the north, Pahang to the east, Negeri Sembilan to the south and the Strait of Malacca to the west. Selangor is the most developed state in Malaysia. Selangor is home to the Kuala Lumpur International Airport, the renowned Sepang International Racing Circuit as well as neighbor to Kuala Lumpur, the economic hub of Malaysia, and Putrajaya, the country's administrative capital, within its boundaries.

The beautiful state of Selangor has a population exceeding 4 million, and is rich by urban growth and commercialization, evident in the large numbers of shopping centers, business complexes, industrial areas and good infrastructure such as highways and transport. Hence, Selangor has the largest economy in Malaysia in terms of gross domestic product (GDP) and a high standard of living and the lowest poverty rate in the country. Kuala Lumpur is located in the heart of Selangor and previously was part of

Selangor territory before it was separated from the state to form a Federal Territory.

## Why Do Business in Selangor?

### Golden State of Malaysia

Selangor is Malaysia's most developed and progressive state. Besides that, it is the country's primary port of entry as it is strategically located around the capital city, Kuala Lumpur. Being Malaysia's largest economy, the state enjoys a highly developed infrastructure for major industry clusters and is a well-established investment haven supported by excellent state government and an advanced commercial ecosystem. Selangor is rich of abundance and prosperity due to its highly skilled and innovative knowledge-workforce as well as an attractive cosmopolitan living standard. The economy of Selangor is a progressive market economy whose core sectors are commerce and agriculture.

## Strategic Location

Selangor is located on the west of Peninsular Malaysia, overlooking the Straits of Malacca. bordered on the north by Perak, on the east by Pahang and Negeri Sembilan, and on the west by the Straits of Malacca. The land area is approximately 8,000 sq. km wide with hilly terrains and flat plains. It is located strategically next to Kuala Lumpur Business Centre and Putrajaya Administrative Capital. Selangor also has a very prominent city which is called Cyberjaya, the national ICT Capital of Malaysia and 20 other cyber centers.

## Infrastructure and Transportation

It is a modern state equipped with the latest facilities and infrastructure. Both of the country's main airport, Kuala Lumpur International Airport and Sultan Abdul Aziz Shah (Subang Skypark) are located in Sepang,

Selangor. Selangor is linked to the rest of Malaysia by comprehensive air, road and rail connections. Public transport in the state is well-developed. Port Klang which is the busiest seaport in Malaysia by sea, is located at the western tip of Selangor. The KTM Komuter railway network and LRT serves many outlying districts and nearby towns and cities,

## Trainable Workforce

The state has the largest higher education sector in Malaysia and produced more than 40,000 graduates per annum. The state has over 160 institutions of higher learning. The state has several tertiary education institutions, most which are concentrated in major towns and cities. According to the state federal, Selangor's literacy rate is 98.7% and more than 3.4 million of its population are skilled and multilingual. Hence, it has a stable socio-economic environment, the biggest talent pool in Malaysia and infrastructure,

## Economy

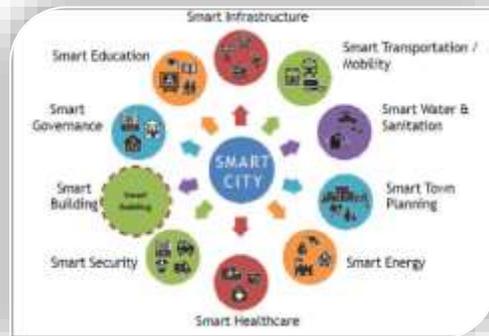

The economy of Selangor is a progressive market economy whose core sectors are commerce and agriculture. Selangor is the richest state in Malaysia in terms of gross domestic product (GDP) per capita (PPP). In 2005, Selangor was officially declared the first developed state in Malaysia by the state government. Selangor has the highest Human

Development Index among the states in Malaysia.

Commerce, industry and services are a major contributor to the economy of Selangor and many international manufacturing companies have set up bases in this state. Selangor's agriculture industry activities include establishment of palm oil, rubber plantation sites, star fruits, papayas and bananas.

## Quality of Life

Selangor location is strategic and safe from natural disasters. It has a lot of sport centres and privately-run recreational clubs and other leisure facilities are easily assessible available. Many private and government medical and health care facilities are located in Selangor.

## Investment Incentives

There are many benefits and incentives for citizens of Selangor. For instance, allowance for newborn, pre-school, funeral expenses, free water, wedding incentives, medical incentives and many more.

Whereby, for those who are interested to do business or invest in Selangor, there is a state-owned solution provider called InvestSelangor. It gives solutions for investors who are interested in setting up or expanding their operations in Selangor. Besides general advisory and support services, Invest Selangor is helping a number of initiatives to enhance the business environment and competitiveness of the state of Selangor.
